

The NATIONAL Golf Resort is located in western Lithuania, situated in a geographically favourable location - barely 10 minutes to the centre of the Klaipėda city – a vibrating port city with ferry connections to Scandinavia and Germany, and 10 minutes from Palanga – a seaside town with an airport providing connecting flights to Scandinavia and Europe. Kaunas – a Ryanair destination - is approximately 2,5 hrs drive away and Vilnius 3,5 hrs by car or regular bus transfers. Being close to the sea gives a favourable climate to many other Baltic destinations. Klaipėda boasts an unusually low rate of rainfall and seldom snow, considerably lower than many other northern European destinations. This gives the Resort a longer season with less bad weather effects to the course.

The Golf Course:

- A challenging 18-hole championship golf course
- Designed by the well known architect – David Krause
- Construction – Stange & Jöhnke
